is christianity but a selection of stories as some suppose or is there more to it than that are its adherents guided by something real or simply following their own fancies that there are communities of christians is itself real enough but is their mere existence its own justification events like the birth and death of jesus are for the most part real enough though they have been overlaid with stories that may at times be helpful symbolism but may also distract or distort the very human way jesus and his disciples followed during his ministry was also real enough though again overlaid with interpretative material however the circumstances of his followers then varied and those of christian communities in succeeding generations differ still more on the eve of his death jesus sought to bind his followers together with one another and himself rather than offering them a way of otherworldly salvation he may yet have expected such a salvation as did the apostle paul but it is more fruitful to follow the latter in seeing life to be gained in death in a dying to sin in this life

the doctrines of christianity span the spiritual teachings of jesus and the moral tenets of faith as expressed in the bible and taught to believers for millennia as the author keenly demonstrates the auspices of christianity span far and wide from the teachings of jesus through to the manifestation of sins to his salvation of believers who steadfast and unyielding in their faith what constitutes a moral christian character and the psychological aspects of leading a christian life are examples of topics tackled in this all embracing work the role of prophecy and revelation the holy trinity and the various ways god makes himself known in the lives of believers are examined edgar young mullins worked as a bible teacher for decades and in his spare time studied ancient texts of the church the many years of experience he had divulging the lessons of jesus and the teachings of the wider bible prompted him to author works both modest and lengthy in size mullins was a great believer in the clarity of language throughout this text he seeks to express and explain topics that might otherwise be shrouded in difficult phrasing and complex concepts
